

Lovibond® Water Testing

Tintometer® Group

Are your staff fully trained to perform water analysis correctly?

Basic Pool Water Testing Training Course

To ensure Pool Water Testing is carried out correctly and with accurate results, it is essential that relevant staff are trained appropriately.

The Lovibond® team - Experts in Water Testing - runs Water Testing Training Courses around the country throughout the year.

The comprehensive course is suitable for anyone involved in pool water testing and wishing to improve on best practice for a pristine pool.

In just one day, our highly experienced team will cover all aspects of pool water testing, incorporating a mixture of theoretical and practical work.

Course Contents
Taking The Sample
What We Test For and Why
Balanced Water - An Overview
Good Practice for Water Testing
Testing Systems
Practical Water Testing

Venues & Dates

The courses are scheduled throughout the year at a variety of locations around the country.
